

## Technical Specifications

### ABOUT THIS SPACE

This studio is the smallest space available at Glasshill. Like all our studios, this space comes with a West End quality sound system, air conditioning and daylight balanced LED lighting. There is direct access from the street, to allow items to be moved in and out of the rehearsal space easily. Space 4 also has the advantage of having adjoining office space. With large windows, allowing plenty of natural daylight, this studio creates a bright and intimate working environment ideal for plays, or used in conjunction with our larger spaces to allow concurrent rehearsals for smaller groups.
